

Boy with the Dirty Shoes

verse: A#M7 / A7 / C7* / D#7*

instrumental chorus: Am* / G* / CM7 / F*

boy with the dirty shoes
where are you going to
how long has it been
since you became a man

i'm going to take you in
make you into a king
give you crowns and jewels to wear
make your pain disappear

girl with the dirty hands
what are you doing here
how long has it been
since you forgot your name

i'm gonna take you in
teach you how to dance and sing
let the sun heal your heart
let the wind take your scars
