

The End of Land

Verses: G / Em / Am / D7 / F#dim / Adim

sit, i just want to sit
i just want to stare at the stars
take it all in
we are floating in this black sea

sleep, i just want to sleep
i just want to dream of flying
past the freeways
to the ocean where you're waiting

Chorus: D# / F / A# / G

**i want to go to the end of land
where the sun shines through the night
come with me to the end of land
where a man cannot raise his flag**

feel, i just want to feel
i just want to feel like i am
connected to something
with no boundaries and no divisions

sit, i just want to sit
i don' t want to lie anymore
fight anymore, rush anymore
gulp my life down

**we will walk to the end of land
hold my hand there's no looking back
the end of land is the end of suffering
the end of land is where i want to live**

**i want to go to the end of land
where the sun shines through the night
come with me to the end of land
where a man cannot raise his flag**

so alive, feel alive, feel alive
